Center for Food Action

HOW TO HOST A FOOD DRIVE

1. Write a letter to the head of your organization, school, or business for approval to host a food drive.

2. Advertise your event with posters, press releases and social media outlets. Best to Include a list of our most-needed items.

3. Designate places where food will be collected. Provide large boxes, clearly marked "CFA Food Drive". Store what is collected in a clean, dry location.

4. Call CFA in Englewood or Mahwah to arrange pick-up or delivery time. Dropping the food off saves CFA gas and time. Some groups choose to volunteer further by helping to sort and package!

Giving Locally = Helping Locally

CFA
Center for Food ACTION

This year CFA will provide over 61,000 emergency food packages to local families and individuals in need from 90 towns.

FOOD | HOUSING | HEAT | UTILITIES

Local families and individuals come to CFA during times of crisis. Many of our clients are working people who are experiencing hard times because they earn too little to make ends meet. Others are seniors, who are now struggling to get by on a fixed income. Some are suffering with chronic illness or are disabled.

Nearly half our clients are children.

CFA's goal is to give clients immediate assistance to put food on their tables, to keep a roof over their heads, to keep their heat and lights on, and to give them the tools needed to address underlying problems.
