

MOVING FORWARD TOGETHER 2024 IMPACT REPORT

OUR HISTORY AND MISSION

Founded in 1976, CFA is a non-profit 501 (c) (3) organization that provides emergency services to northern New Jersey's residents who are facing economic challenges. CFA provides food, housing, utility, and heating assistance to individuals and families at risk of food insecurity and homelessness.

Started by the late singer Harry Chapin and Bill Ayres as World Hunger Year New Jersey, the agency originally focused on the global causes of world hunger but within months of its start, it became evident that many people in our own community needed help in order to put food on their tables.

— OUR LOCATIONS — AND PROGRAMMING

Center for Food Action operates six food pantries in Englewood, Hackensack, Saddle Brook, Mahwah, Ringwood and on the campus of Bergen Community College.

We also deliver food to seniors and homebound individuals.

CFA supports our guests through food distribution, Weekend Snack Packs, Dinners 4 Seniors, Smile Packs, home deliveries, food pop ups and more.

Our homelessness prevention programs provide rental assistance for those guests facing eviction or needing a security deposit to move to cost efficient housing.

OUR VISION

Center for Food Action places our guests first by helping them navigate food insecurity and avoiding homelessness. Our goal is to provide healthy food and move these individuals and families towards food security so they do not have to choose between rent and medical bills instead of providing nutritious meals for their families.

In 2024, we converted our Mahwah pantry to a full choice model, allowing our guest to shop for their food including fresh meat, poultry, fruits and shelf stable items that meet their dietary and cultural needs.

A WORD OF THANKS FROM OUR GUESTS

We receive heartfelt thank-you notes like this all the time, and they are testaments to the impact of our incredible staff, donors, sponsors, and volunteers. Recently, a 97-year-old guest gave Center for Food Action this card—she calls each month to schedule an appointment and comes with her son to pick up food.

These words of gratitude are for all who make our work possible!

To All the wonderful
people at CFA

Thank you all for the
very important work
you do.

You make life so
much easier for those
of us who rely on
your good deeds.

My sincere good
wishes are that you
and your families
enjoy a happy and
healthy year. ♥

Diaper Drives

We conducted several diaper drives to support families and individuals struggling to afford diapers. Thanks to the generosity of our community—local businesses, volunteers, and donors—we were able to provide essentials for both babies and adults in need.

From parents trying to keep up with diaper costs to seniors relying on medical and personal care supplies, these drives made a real difference in people's daily lives.

We gave out approximately **42,000** baby diapers and countless numbers of adult supplies to our guests in 2024.

Emergency Food Pop-ups

Our Emergency Food Pop-ups hosted by our interfaith partners reached over 450 families in need. Our summer distributions were held at local churches, providing essential food and resources to families facing food insecurity.

Additionally, we partnered with Goodr and Aetna CVS Health for a special distribution at our Hackensack site, which helped over 200 families in the local community.

Through outreach to new communities and the generosity of our supporters, we were able to expand our impact and ensure more families had access to fresh, nutritious food.
